DAVID ANDERSON DANCE COMPANY TO PERFORM

The Student Union is presenting the David Anderson Dance Company on Saturday, October 21 at 7:30 p.m. in the SUL. The performance will be free.

According to Mr. Anderson, the group's choreographer, the company's dance style develops out of the classical school of dance and blends many of the more interesting techniques of modern, contemporary and jazz styles. The David Anderson Dance Company is based in New York City.

INPUT WANTED

The three task forces working on the development of the three new schools (School of Arts and Sciences, School of Communication Sciences, and School of Education) are utilizing a variety of means to obtain input toward their planning from persons both on and off Kendall Green. Three of these task force members, one from each task force, are serving as contact persons for staff professionals on campus. Staff who have questions or suggestions which relate to the three new schools or to the planning process are welcome to direct them to any of these three individuals: Judy Bortner; Merv Garretson; Mynga Futrell. Their focus is upon gathering staff input to the planning process.

HOUSE HUNTING

Tony Giannelli received this request recently and asked that I share it with you:

"I am seeking housing for myself and my family in the Washington, D.C., area from January through August 1979 while I am on sabbatical leave from California State University, Northridge to do research in the National Archives.

"I would appreciate your bringing this to the attention of any of your faculty members who will be on leave, and may be seeking someone to 'house-sit' for them while they are away."

"SPECIAL SCHOOLS OF THE FUTURE"

The College has received a very generous grant from the W.K. Kellogg Foundation to proceed with the long-planned "Special School of the Future" project. The project will stretch over a five-year period with grant funds totalling nearly \$1.4 million. The schools involved will be California School for the Deaf, Berkeley, the Atlanta Area School for the Deaf and St. Mary's School in Buffalo, New York. Our own Pre-College units will be heavily involved.

Roslyn Rosen, who has headed the College's PL 94-142 Task Force over the past year, will serve as Project Director and for the next three years will have the status of a Budget Unit Head within the Division of Public Services. The Pre-College Division will assume responsibility for the project after that time. Presently, Roz is officed in House 7 but will move into an office at MSSD as soon as it is furnished.

ENERGY CONSERVATION TIPS FROM JIM HULL

"Don't let cold air seep into your home through the attic access door. Check the door to make sure it's well insulated and weather-stripped. Then when the heating season arrives you won't be wasting fuel by allowing heated air to escape into the attic.

"Proper insulation can save you from 20 to 30% on your heating and cooling bills. For more information write to the Office of Buildings & Community Systems, Department of Energy, Washington, D.C., 20545."

GALLAUDET COLLEGE IS AN EQUAL OPPORTUNITY EMPLOYER/EDUCATIONAL INSTITUTION. PROGRAMS AND SERVICES OFFERED BY GALLAUDET COLLEGE RECEIVE SUBSTANTIAL FINANCIAL SUPPORT FROM THE DEPARTMENT OF HEALTH, EDUCATION AND WELFARE.

Janet

The Department of Safety and Security has adopted a lost Cockateel as its mascot. The Cockateel is a member of the parrot family and is common to Australia. The Department has named their little friend "DOSS," an acronym from Department of Safety and Security.

From time to time Doss will be publishing helpful hints on good safety and security. We hope you will read them and practice them.

Doss says: "Larceny is usually a crime of opportunity. Don't provide that opportunity with your pocketbook. Lock it up or pick it up when you leave the office. You'll be happier when you get back."
